

ENVIRONMENTAL POLICY STATEMENT

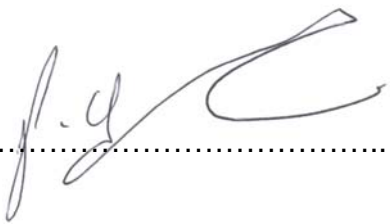

Delta T Services Ltd is committed to ensuring that all reasonable protection is afforded to the physical environment in which our installation and aftercare of air conditioning, refrigeration and ventilation equipment is carried out to prevent pollution and limit any adverse environmental impact of such activities.

The Company's objectives in fulfilment of this policy are:

- To set standards which will at least meet and where possible exceed the applicable legal and other requirements for environmental protection matters as these may affect its own employees, sub-contractors, the local community and the public at large.
- To review the standards in the light of changing technology, industry practices and legislation such that improvements in the setting of the standards may be achieved.
- The company aims to design, install and maintain equipment that will contribute to the reduction of carbon emissions and so cause the least possible impact on the environment.
- To promote good environmental management practises and policies throughout all of our business activities.
- To ensure that potential environmental factors are assessed and therefore any impact identified with appropriate measures being implemented to minimise any adverse effects.
- To minimise waste production, and recycle all materials where possible.
- To utilise recycled materials where available and source all other materials responsibly.
- To minimise the impact on the environment from our activities using corporate transport from our own and our suppliers vehicles.
- To ensure that all employees are aware of this Policy and their responsibilities for environmental matters that they discharge those responsibilities effectively and are actively encouraged to participate in the protection of the environment.

The Company shall seek continual improvement in areas such as increased energy efficiency and recycling, reducing waste via corrective and preventive actions and ongoing training.

The Managing Directors of Delta T Services Ltd are responsible for discharging the Company's environmental policy. They will regularly review the effectiveness of the policy and of personnel under their control to whom responsibilities for various aspects of environmental matters have been assigned.
