11th August 2010

Dear Sirs,

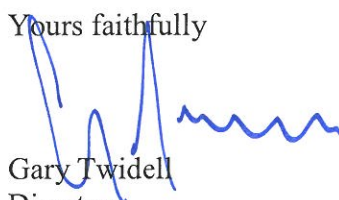

I am writing to provide a reference for Delta T Services Ltd.

We have worked on numerous projects with Delta T Services Ltd over the years including new builds and refurbishments, two recent examples of these being a total building refurbishment for a new school in Chelsea London and have just recently completed a refurbishment of a new hotel on Northumberland Avenue London.

Delta T provided a complete mechanical package including the design, supply and installation on both of these projects. These projects were completed within the proposed budget and time scale due to the expertise and professional nature of Delta T Services.

We look forward to continuing to work with Delta T Services on any future projects.

Yours faithfully
